# Antlerless

2009  
ANTLERLESS  
GUIDEBOOK

# Many benefits

Utah's 2009 antlerless hunt has something for everyone. Young and first-time hunters can improve their skills, experienced hunters can fill their freezers, and the hunters' families and friends can just enjoy spending time together outdoors.

This year, your participation in the antlerless hunt will help keep deer, elk, moose and pronghorn populations at ideal levels and limit depredation problems.

There are some important dates to keep in mind if you want to apply for an antlerless permit. All of these dates are listed on pages 10–11.

You should also take a few minutes to participate in our new harvest reporting program. When you complete your harvest survey, you will be automatically entered into a drawing for some great outdoor recreation prizes! For more information on this new program, please see page 18.

This guidebook summarizes the rules and laws that regulate antlerless hunting in Utah. You can find the full text of these rules and laws at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules) or at the nearest Division office.

This guidebook is a proclamation of the Utah Wildlife Board. If you have feedback or suggestions for board members, you can find their contact information online at [wildlife.utah.gov](http://wildlife.utah.gov).

# HIGHLIGHTS

## What's new this year?

**Additional antlerless hunts:** This year, the Division has added new hunts for antlerless deer, elk and pronghorn. For details, please see the hunt tables that begin on page 19.

**Antlerless elk control permits:** Did you obtain a permit to hunt in southeastern Utah this fall? If so, you may be eligible to purchase an antlerless elk-control permit. To learn more about this opportunity and to see which hunting units are eligible, please see the information box on page 8.

**Harvest reporting and your chance to win prizes:** This year, the Division encourages all hunters to voluntarily report the results of their antlerless hunts, even if they don't harvest an animal. If you participate, you'll automatically be entered into a drawing for fun outdoor recreation gear! To learn more about this great opportunity, see page 18.

**Withdrawing and resubmitting your application:** In the past, if you wanted to modify your online permit application, you had to submit notarized paperwork and pay a \$25 fee. This year, the Division has eliminated the paperwork and lowered the cost. For more information on withdrawing and resubmitting your permit application, please see page 11.

**Visit during extended hours:** All Division offices are open from 7 a.m. to 6 p.m., Monday through Thursday. Offices are closed on Fridays.

## And remember

**Hunting license required:** Before you can apply for a 2009 antlerless permit, bonus point or preference point, you must have a valid Utah hunting or combination license. Both types of licenses are valid for 365 days from the date of

purchase. It's easy to buy your license online during the application process—simply visit [wildlife.utah.gov](http://wildlife.utah.gov) and click "Apply online for available hunt drawings." You can also purchase your hunting or combination license by calling 1-800-221-0659.

**Apply for permits online or by phone:** If you plan to hunt antlerless game in Utah this year, you must apply for a permit online or by phone no later than June 25, 2009. There's an 11 p.m. deadline for online applications and a 6 p.m. deadline for phone applications. To apply, simply visit [wildlife.utah.gov](http://wildlife.utah.gov) or call any Division office.

**Opportunity for youth:** Twenty percent of the permits for antlerless deer and elk and doe pronghorn have been reserved for hunters 18 or under. For more information, please see page 11.

**Nonresident antlerless CWMU permits:** Nonresidents can no longer apply for or obtain antlerless CWMU permits through the antlerless drawing. This change has been made to give residents a better chance at drawing and to ensure consistency with the Division's big game policy. Nonresidents may still purchase CWMU permits directly from the CWMU owner or operator.

**Multiple elk permits:** You may obtain two elk permits—provided one or both of the permits are antlerless—but you can only apply for or obtain one antlerless elk permit in the drawing. For more information, please see the information box on page 9.

**Boundary maps now online:** The hunt boundary maps and descriptions are available online. You can find them at [wildlife.utah.gov/maps](http://wildlife.utah.gov/maps). A detailed boundary description will also be printed on your permit.

**Corrections:** If errors are found in this guidebook after it is printed, the Division will correct them in the electronic copy that is

posted online. Visit [wildlife.utah.gov/guidebooks](http://wildlife.utah.gov/guidebooks) to view all of the Division's guidebooks.

**Protection from discrimination:** The Division receives federal financial assistance from the U.S. Fish and Wildlife Service. Under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, the U.S. Department of the Interior and its bureaus prohibit discrimination on the basis of race, color, national origin, age, disability or sex. If you believe that you have been discriminated against in any program, activity or facility, or if you desire further information, please write to:

The U.S. Fish and Wildlife Service  
Office for Diversity and Civil Rights  
Programs—External Programs  
4040 North Fairfax Drive, Suite 130  
Arlington, VA 22203

**Private lands:** The Division cannot guarantee access to any private land. If you plan to hunt—or engage in any other wildlife-related activities—on private lands, you must obtain WRITTEN permission from the landowner or the landowner's authorized representative.

**Division funding:** The Division is mostly funded by the sale of hunting and fishing licenses and through federal aid made possible by an excise tax on the sale of firearms and other hunting- and fishing-related equipment.

## PERMIT FEES

Permit	Res.	Nonres.
Antlerless deer	\$25	\$88
Two-doe deer	\$40	\$166
Antlerless elk control	\$25	\$88
Antlerless elk	\$45	\$213
Doe pronghorn	\$25	\$88
Two-doe pronghorn	\$40	\$166
Antlerless moose	\$208	\$708
CWMU antlerless deer	\$25	\$88*
CWMU two-doe deer	\$40	\$166*
CWMU antlerless elk	\$45	\$213*
CWMU doe pronghorn	\$25	\$88*
CWMU two-doe pronghorn	\$40	\$166*
CWMU antlerless moose	\$208	\$708*

*\*Nonresidents may only obtain CWMU permits through the CWMU operator. See the hunt tables for a list of CWMU operators.*

## KEY DATES

### Apply online

Applications available	June 1, 2009
Application deadline	June 25, 2009
Drawing results available	July 14, 2009
Remaining permits available	July 21, 2009

For drawing results, call Utah Wildlife Administrative Services toll-free at 1-800-221-0659 or visit [wildlife.utah.gov](http://wildlife.utah.gov). To protect your privacy and to comply with changes in governmental records access laws, you'll receive access to only your own drawing results.

## SEASON DATES

Season dates vary. See the hunt tables beginning on page 19 for season date listings.

## Don't lose your hunting and fishing privileges

If you commit a wildlife violation, you could lose the privilege of hunting and fishing in Utah. The Utah Division of Wildlife Resources can suspend the license of anyone who knowingly, intentionally or recklessly violates wildlife laws. Your license can be suspended for a wildlife violation if:

- You are convicted.
- You plead guilty or no contest.
- You enter a plea in abeyance.

You will be notified of any action against your privilege after criminal proceedings conclude. And remember, if your license is suspended in Utah, you might not be permitted to hunt or fish in other states.

# BASIC REQUIREMENTS

Are you getting excited about this year's antlerless hunt? Before you apply for a hunting permit, make sure you meet Utah's age, hunter education and license requirements.

## Are you old enough?

*Utah Admin. Rule R657-5-4 and Utah Code § 23-19-22*

Before you can buy a hunting license and apply for an antlerless permit, you must meet the following requirements:

- Successfully complete the state's Hunter Education course. (For more information, see the following section or visit [wildlife.utah.gov/huntereducation](http://wildlife.utah.gov/huntereducation).)
- Be at least 12 years old by your hunt date.

**Note:** If you're 11 years old—but you'll be 12 by Dec. 31, 2009—you may apply for and obtain an antlerless deer, antlerless elk or doe pronghorn permit. However, **you cannot hunt until the day you turn 12.** Be sure to check hunt dates before applying. All sales are final.

All hunters under the age of 16 must be accompanied in the field by a parent, legal guardian or responsible person 21 years of age or older. For

more information on this requirement, see the information box on this page.

## Have you passed hunter education?

*Utah Admin. Rule R657-23 and Utah Code § 23-19-11*

If you were born after Dec. 31, 1965, you must provide proof that you've passed a hunter education course approved by the Division before you can apply for or obtain a hunting license or an antlerless permit.

This proof can be a hunter education course Certificate of Completion (this certificate is called a "blue card" in Utah) or a hunting license from a previous year with your hunter education number noted on the license.

If you become a Utah resident, and you've completed a hunter education course in another state, province or country, you must obtain a blue card before you can apply for or buy a resident hunting license or a resident antlerless permit. You can obtain a Utah blue card at any Division office by providing proof that you've completed a

## Adults must accompany young hunters

*Utah Code § 23-20-20*

While hunting big game, a person under 16 years old must be accompanied by his or her parent, legal guardian or other responsible person who is 21 years of age or older and who has been approved by the parent or guardian.

The Division encourages adults to be familiar with hunter education guidelines or to complete the hunter education course before accompanying youth into the field.

While in the field, the youth and the adult must remain close enough for the adult to see and provide verbal assistance to the young hunter. Using electronic devices, such as walkie-talkies or cell phones, does not meet this requirement.

## New laws affecting hunters

In 2009, the Utah Legislature passed a number of laws that will affect hunters:

- Requirement to Wear Hunter Orange (HB 92)
- Firearm Amendments (HB 357)
- Administering Substances to Wildlife (SB 13)
- Outdoor Guides and Outfitters Licensing Act (HB 173)
- Trespass Law Amendments (HB 153)

To see the full text of these laws, please visit the Legislature's Web site at [www.le.utah.gov](http://www.le.utah.gov).

hunter education course approved by the Division. The card costs \$10.

For more information on how to complete Utah's hunter education course, visit [wildlife.utah.gov/huntereducation](http://wildlife.utah.gov/huntereducation).

## Do you have a license?

*Utah Code § 23-19-1 and 23-19-22*

You must have a current Utah hunting or combination (hunting and fishing) license before you can apply for any antlerless permits, bonus points or preference points. Licenses are available at [wildlife.utah.gov](http://wildlife.utah.gov) and from license agents and Division offices.

Be sure to take a quick look at the date on your license before you apply for any permits or

points. As long as your license is valid on the date you submit your application, you don't have to purchase a new license for the actual hunt.

For example, assume that your license expires on June 20, 2009. If you apply before that date, you do not have to purchase a new license for your hunt in the fall. All hunting and combination licenses are valid for 365 days from the date of purchase.

## Carry your permit

If you are successful in obtaining an antlerless permit, you must have it on your person while hunting. You cannot alter your license or permit, nor can you sell, transfer or loan either of them to another person.

## Residency

*Utah Admin. Rule R657-5-2(2)(r)*

You qualify as a resident if:

- you have a fixed permanent home and principal establishment in Utah for six consecutive months immediately preceding the purchase of a license or permit, and you do NOT claim residency for hunting, fishing or trapping in any other state or country.

You will retain your Utah residency if:

- you leave Utah to serve in the armed forces of the United States, or for religious or educational purposes, and you do NOT claim residency for hunting, fishing or trapping in any other state or country.

If you are a member of the armed forces of the United States, you and your dependents are residents as of the date you report for duty under assigned orders in Utah, if:

- you are NOT on temporary duty in Utah and you do NOT claim residency for hunting,

fishing or trapping in any other state or country.

- you present a copy of your assignment orders to a Division office to verify your residency.

If you are a nonresident attending an institution of higher learning in Utah as a full-time student you may qualify as a resident if:

- you have been present in Utah for 60 consecutive days immediately preceding the purchase of the license or permit, and you do NOT claim residency for hunting, fishing or trapping in any other state or country.

Your Utah resident license or permit is invalid if:

- you purchase a resident license for hunting, fishing or trapping in any other state or country.

You DO NOT qualify as a resident if:

- you are an absentee landowner paying property tax on land in Utah.

# OBTAINING A PERMIT

Your first, and possibly only, chance to obtain a Utah antlerless permit is through the state's antlerless drawing. This section describes the types of permits that are available and identifies key dates. You'll also find everything you need to know about the application process, waiting periods, and bonus and preference points.

## Antlerless permits

*Utah Admin. Rule R657-62-19*

You can apply for all of the following antlerless permits in the 2009 drawing:

- One antlerless deer permit (except in areas where two-doe permits are available)
- One antlerless elk permit
- One antlerless moose permit
- One doe pronghorn permit (except in areas where two-doe permits are available)

**Note:** If you drew a pronghorn permit or a moose permit in the 2009 big game drawing, you may not apply for a doe pronghorn permit or

preference point or an antlerless moose permit or bonus point.

## Antlerless application period

*Utah Admin. Rule R657-62-19 & R657-42*

This year, the application period opens on June 1, 2009 and closes on June 25, 2009. Here's what you need to know in order to apply for an antlerless permit, a bonus point or a preference point:

- Before you can apply, you must have a valid Utah hunting or combination license. If you don't already have one of these licenses, you can buy one online when you apply.
- You can apply online at [wildlife.utah.gov](http://wildlife.utah.gov) until 11 p.m. on June 25.

If you need help with your online application, please call any Division office before 6 p.m. on June 25, 2009. A Division employee will be available to help you!

## Antlerless application fees

*Utah Admin. Rule R657-62-19*

There is a nonrefundable \$10 handling fee for each permit, bonus point or preference point you apply for. Handling fees, license fees and any donations you've authorized will be charged to your credit or debit card when you apply. Permit fees will be charged after the drawing, if you are successful.

You can use American Express, Discover, MasterCard and VISA credit or debit cards as payment, and they must be valid through August 2009. You can also use a pre-paid credit card. If you have questions about using a pre-paid credit card, check with your financial institution for more information.

## Elk control permits available

*Utah Admin. Rule R657-5-34*

This year, the Division wants hunters to harvest as many antlerless elk as possible from four hunting units in south-eastern Utah:

- Henry Mountains
- Nine Mile, Range Creek
- San Rafael, North
- San Juan, East of US-191

If you obtain a permit (including general season) for bison, buck deer or bull elk **on any of the above units**, you have the option of purchasing an antlerless elk control permit. The elk control permit allows you to harvest an antlerless elk in the same unit where you'll already be hunting bison, deer or elk. Resident permits are available for \$25, while nonresident permits cost \$88.

To obtain an antlerless elk control permit, please visit a license agent or any Division office.

## Antlerless drawing process

*Utah Admin. Rule R657-62-19*

Antlerless permits are drawn in the following order:

1. Antlerless moose
2. Youth elk
3. Antlerless elk
4. Youth deer
5. Antlerless deer
6. Youth pronghorn
7. Doe pronghorn

If any permits remain after permits have been drawn separately for residents and nonresidents, a second cross-over drawing will combine

remaining resident and nonresident permits. (For example, if nonresident permits are available for a certain hunt, they will be filled by residents who were unsuccessful in the drawing for the same hunt.)

You will be notified of your drawing results by July 14, 2009. You can also obtain your results by calling 1-800-221-0659.

## Sales final—exceptions

*Utah Code 23-19-38 and Utah Admin. Rule R657-42*

Some hunters successfully obtain permits and then realize—for one reason or another—that they won't be able to use those permits. In most cases, the Division cannot refund the cost of the permit, but there are some exceptions. The Division may provide a refund under the following circumstances:

- The Division or the Utah Wildlife Board cancels the hunt for which you obtained the permit.
- The Division determines that it collected a fee from you by mistake. If you believe the Division collected a fee from you by mistake, please contact the agency. The Division has a committee that reviews these mistakes.
- You become ill or suffer an injury that prevents you from participating in the hunt you obtained a permit for. To receive a refund, you must provide verification from a physician of your illness or injury. You must also surrender the permit before the season the permit was issued for ends. You cannot receive a refund if you hunted.
- If you're a member of the United States Armed Forces, or a public health or public safety organization, you might be eligible for a refund if you're mobilized or deployed in the interest of national defense or emergency, and your mobilization or deployment prevents you from participating in the hunting or fishing activity you bought the license or permit for.

A refund may also be granted if the person to whom the license or permit was issued dies

## Multiple elk permits

*Utah Admin. Rule R657-62-19, 23-19-22, R657-5-34*

You may obtain a maximum of two elk permits each year—provided one or both of the permits are antlerless—but you can only apply for or obtain one antlerless elk permit in the drawing. You may obtain two elk permits in any one of the following combinations:

- One bull elk permit and one antlerless permit
- One bull elk permit and one antlerless elk control permit (to learn more about elk control permits, please see the information box on page 8)
- Two antlerless permits
- One hunter's choice permit and one antlerless permit

For the purposes of obtaining two elk permits, a hunter's choice elk permit is considered a bull elk permit. An antlerless elk control permit is considered an antlerless permit. Eligible hunters may purchase additional antlerless elk permits after the drawing, beginning July 21, 2009. The permits will be available on a first-come, first-served basis through license agents, Division offices and online at [wildlife.utah.gov](http://wildlife.utah.gov).

before they can participate in the hunt.

Please see Utah Code 23-19-38.2 and Utah Admin. Rule R657-42 at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules) for more information.

## Important dates for antlerless hunters

*Utah Admin. Rule R657-62-19*

### June 1: Apply online

Both residents and nonresidents can apply for a permit at [wildlife.utah.gov](http://wildlife.utah.gov). You can also apply by calling any Division office.

To apply for a resident permit, you must be a

resident on the date the permit is purchased. July 14, 2009 is considered the purchase date of the permit and the date by which you must establish residency in the state of Utah. Please see the resident definition on page 7 to learn whether you qualify as a resident.

When you submit your application, you'll be charged a nonrefundable \$10 handling fee for each species or bonus point you apply for. If you haven't bought your license yet, you'll also be charged a license fee. You will not be charged a permit fee unless you draw a permit.

### June 25: Deadline for permit applications, bonus points and preference points

Applications for antlerless hunting permits, bonus points and preference points must be submitted through [wildlife.utah.gov](http://wildlife.utah.gov) no later than 11 p.m. on June 25, 2009. Please remember that

## Applying as a group

*Utah Admin. Rule R657-62-7*

Instead of applying as an individual hunter, you and your friends and family can apply together as a group.

Both residents and nonresidents can apply together. However, if you're a Utah resident and you decide to apply with a nonresident, make sure nonresident permits are available for each hunt your group is applying for. If permits are not available for everyone in your group, the entire group will not be allowed to draw for that hunt unit.

Up to four hunters can apply together for antlerless deer, antlerless elk or doe pronghorn permits. Group applications are not accepted for antlerless moose hunts.

Please remember that if you're a youth, and you want to be included among those who draw for the antlerless permits reserved for youth, you must apply as an individual hunter. Do NOT apply as part of a group.

When you apply, all fees for all applicants in your group must be charged to one credit or debit card. If your group is successful in the drawing, all of the applicants in your group who have valid applications will receive a permit.

## Get written permission before you apply

If you want to hunt on private property, you must obtain written permission from the landowner before you can hunt. And to be on the safe side, you should probably get permission before you even apply for a permit. By obtaining written permission in advance, you know you'll be able to use the permit if you draw it.

Of course, if you do hunt on private land, you should always respect the landowners and their properties.

You can show respect by following the landowner's rules and by picking up any litter you see, even if it isn't yours. And remember to thank the landowners, if you happen to see them while hunting.

The Division cannot guarantee access to private land, and the agency does not have the names of landowners who own property where hunts occur.

Hunts that occur mostly on private land are indicated by an asterisk in the hunt tables beginning on page 19.

you must have a hunting license or a combination license to apply for permits and points. If you need help with your online application, please call any Division office before 6 p.m. on June 25, 2009. A Division employee will be available to help you!

### ***June 25: Deadline to withdraw and resubmit your application***

Did you make a mistake in your online permit application? Simply withdraw your original online application and submit a new, correct application before 11 p.m. on June 25, 2009.

You must have your confirmation number, your customer ID and your date of birth in order to withdraw your application. For each new application you submit, you will be charged a \$10 handling fee.

If you need help with your online application, please call any Division office before 6 p.m. on June 25, 2009.

### ***June 29: Deadline to withdraw your application***

If you decide not to hunt, you can withdraw your online permit application at no cost until 11 p.m. on June 29, 2009.

Please remember that the handling fees you submitted with your application are not refundable.

### ***July 14: Drawing results available***

You'll be notified of the drawing results by mail and e-mail. You can also learn the drawing results by calling 1-800-221-0659 or by visiting [wildlife.utah.gov](http://wildlife.utah.gov).

If you draw a permit, you'll receive your permit in the mail in August.

Please be aware that if you receive your permit, and then the credit card you used for payment is refused, your permit becomes invalid and you may not participate in the antlerless hunt. If this happens, please call 1-800-221-0659 to resolve the problem.

### ***July 21: Remaining antlerless permits available***

Any antlerless permits remaining after the drawing may be obtained beginning at 7 a.m. on

## **Youth antlerless drawing process**

*Utah Admin. Rule R657-62-19, 23-19-22, R657-5-4*

Twenty percent of the antlerless deer, antlerless elk and doe pronghorn permits are reserved for hunters who will be 18 years of age or younger on Aug. 15, 2009.

If you'll be 18 years of age or younger on Aug. 15, you can participate in the youth drawing by submitting an application as an individual hunter. You won't be included in the youth drawing if you apply as a member of a group.

July 21, 2009 at [wildlife.utah.gov](http://wildlife.utah.gov) and from license agents and Division offices. Remaining permits are available on a first-come, first-served basis. You must have a valid hunting license or a combination license to buy one of these permits.

Please note that the hours when license agents are open for business vary; you should contact the agent you plan to visit before July 21 to learn when they're open for business. A list of license agents is available at [wildlife.utah.gov/licenses/agent.html](http://wildlife.utah.gov/licenses/agent.html).

You may obtain a maximum of two elk permits. Please see "Antlerless elk hunting" on page 15.

## **Waiting periods**

*Utah Admin. Rule R657-62-19*

Waiting periods keep successful applicants out of the drawing for a few years. This gives unsuccessful applicants a better chance at drawing a permit in the future. The antlerless moose hunt is the only antlerless hunt with a waiting period.

## **Antlerless moose**

*Utah Admin Rule R657-62-19*

The waiting period for antlerless moose is five years. However, if you buy an antlerless moose CWMU permit from a private landowner, the waiting period does not apply.

## Can you possess a weapon?

It is illegal under Utah Code Section 76-10-503 to possess or use a firearm, muzzleloader, archery tackle, or any other dangerous weapon if you:

- Have been convicted of or are under indictment for any felony offense;
- Are on probation or parole for a felony offense;
- Are on parole from a secure facility;
- Have been adjudicated delinquent (juvenile) in the last seven years of an offense, which if committed by an adult would have been a felony;
- Are an unlawful user of a controlled substance;
- Have been found not guilty by reason of insanity for a felony offense;
- Have been found mentally incompetent to stand trial for a felony offense;
- Have been adjudicated mentally defective as provided in the federal Brady Handgun Violence Prevention Act;
- Have been committed to a mental institution;
- Are an alien who is illegally in the United States;
- Have been dishonorably discharged from the armed forces; or
- Have renounced your United States citizenship.

The purchase or possession of any hunting license, permit, tag or certificate of registration from the Division does not authorize the holder to legally possess or use a firearm, muzzleloader, archery tackle, or any other dangerous weapon while hunting if they are otherwise restricted from possessing these weapons under Section 76-10-503.

## Permits obtained after the drawing

*Utah Admin Rule R657-62-13*

If you're under a waiting period for a certain species, you can still obtain any permit that remains for that species after the drawing, but your waiting period will start all over again.

For example, if you have two years left on your antlerless moose waiting period, and you buy an antlerless moose permit that remains available after the drawing, you'll begin a new five-year waiting period. The new waiting period will prevent you from applying for an antlerless moose permit for the next five years.

## Bonus points

*Utah Admin Rule R657-62-8*

Bonus points in the antlerless drawing apply to antlerless moose only. A bonus point is awarded for each unsuccessful application to hunt antlerless moose.

If you do not want to hunt antlerless moose this year, you may apply for a bonus point only by selecting the appropriate hunt choice code (ANM) on the application and paying the \$10 handling fee.

You must have a current Utah hunting or combination license in order to apply for bonus points.

If you are eligible for an antlerless moose permit, you are eligible to apply for an antlerless moose bonus point.

If you apply for both an antlerless moose permit *and* a bonus point, your application will be rejected.

## How your bonus points work in the drawing

Fifty percent (rounded down) of the permits for each hunt unit number are reserved for applicants with the most bonus points.

You receive one random drawing number for your antlerless moose application and one for every bonus point you have for antlerless moose.

Your lowest random number is used in the drawing.

In the drawing for antlerless moose, applications are sorted into groups by the number of bonus points, from highest to lowest. There's a group for hunters with three bonus points, one for hunters with two bonus points and so forth. Applications are sorted from lowest to highest draw number, and permits are awarded in order.

You may surrender an antlerless moose permit before the season opening date to waive the waiting period and reinstate your bonus points, including a bonus point for the current year (just as if a permit had not been drawn).

The Division began issuing bonus points for antlerless moose in 2006.

**You cannot apply for a hunt or receive a bonus point if either of the following conditions apply:**

- You are currently under wildlife license suspension for big game hunting.
- You are currently under a waiting period for the species you want to hunt.

You will find a complete copy of these regulations (R657-62-8) online at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules).

## Preference points

*Utah Admin. Rule R657-62-9*

Preference points are used to ensure that applicants who are unsuccessful, or who apply for a preference point in the antlerless drawing for antlerless deer, antlerless elk and doe pronghorn, will have first preference in the next year's drawing for the respective permits.

Preference points in the antlerless drawing apply to antlerless deer, antlerless elk and doe pronghorn hunts only. A preference point is awarded for each unsuccessful antlerless deer, antlerless elk and doe pronghorn application.

An individual who does not want to hunt antlerless deer, antlerless elk or doe pronghorn in the current year may apply for a preference point only by inserting the appropriate hunt choice code (AND, ANE and ANP, respectively) on

the application and by paying the \$10-per-point handling fee. The application period is June 1–25, 2009. You must have a current Utah hunting or combination license in order to apply for preference points.

If you are eligible for an antlerless deer, antlerless elk or doe pronghorn permit, you are eligible to apply for a preference point for that hunt.

You cannot apply for *both* a permit and a preference point for the same species.

A preference point will not be issued if you are successful in drawing for the respective permit.

You will not forfeit your preference points if you obtain a permit that remains available after the drawing.

The Division began issuing preference points for antlerless deer, antlerless elk and doe pronghorn in 2006.

### How your preference points work in the drawing

In the drawing, the antlerless deer, antlerless elk and doe pronghorn applications are sorted into groups by the number of preference points, from highest to lowest. There's a group for hunters with four preference points, one for hunters with three preference points and so forth. Within each group of preference points, the applications are then sorted from lowest to highest draw numbers. Permits are awarded in order, based on the hunt choice selected.

Preference points are averaged and rounded down when two or more applicants apply as a group. For example, if hunter A with three preference points and hunter B with zero preference points apply as a group, the preference points are averaged (1.5) and rounded down to one. This process will determine in which group of preference points your application will be considered. Hunters with one preference point will be considered only after all groups or individuals with two or more preference points and before all groups or individuals with zero preference points.

In a second example, if hunter A with one preference point and hunter B with zero prefer-

ence points apply as a group, the preference points are averaged (0.5) and rounded down to zero. This process will determine in which group of preference points your application will be considered. This group with zero preference points will be considered after all groups or individuals with one or more preference points have been considered.

You may surrender your antlerless deer, antlerless elk or doe pronghorn permit before the season opening date to reinstate your preference

points, including a preference point for the current year (just as if a permit had not been drawn).

**You cannot apply for an antlerless deer, antlerless elk or doe pronghorn permit or a preference point if you are currently under wildlife license suspension for big game hunting.**

You will find a complete copy of these regulations (R657-62-9) online at [wildlife.utah.gov/rules](http://wildlife.utah.gov/rules).

## PREVENTING THE SPREAD OF CHRONIC WASTING DISEASE

*Utah Admin. Rule R657-5-44*

If an elk, mule deer or white-tailed deer has been taken from an area in North America that has been diagnosed with chronic wasting disease (CWD), the following are the only parts of the animal you may bring into Utah:

- Meat that is cut and wrapped, either commercially or privately
- Quarters or other portions of meat (no part of the spinal column or head may be attached to the meat)
- Meat that is boned out
- Hides with no heads attached
- Skull plates with antlers attached, but the skull plates must be cleaned of all meat and tissue

- Antlers with no meat or tissue attached
- Upper canine teeth (also known as buglers, whistlers or ivories)
- Finished taxidermy heads

You can learn which areas in North America have been diagnosed with CWD by visiting [wildlife.utah.gov/diseases/cwd/](http://wildlife.utah.gov/diseases/cwd/) or any Division office.

If you're not a resident of Utah, you can transport harvested elk, mule deer and white-tailed deer from areas that have CWD. However, you may not leave any part of the harvested animal in Utah, and you may not stay more than 24 hours in the state. In addition, your deer or elk may not be processed in Utah.

# ANTLERLESS DEER HUNTING

Utah Admin. Rule R657-5-28

*An “antlerless deer” is a deer without antlers or with antlers five inches or shorter (R657-5-2(2)(a)).*

To hunt antlerless deer, you must first obtain an antlerless deer permit. This permit allows you to use a legal weapon to take one antlerless deer—per antlerless deer tag—in the area and season specified on your permit.

You may not hunt on a Cooperative Wildlife Management Unit (CWMU) unless you obtain an antlerless deer permit for that CWMU.

If you obtain an antlerless deer permit, you may not hunt during any other antlerless deer hunt or obtain any other antlerless deer permit.

## Additional opportunity

There is some flexibility if you are an antlerless deer permit holder who also possesses a permit to hunt the following seasons:

- General archery buck deer
- General muzzleloader buck deer
- Limited-entry archery buck deer
- Limited-entry muzzleloader buck deer

If your buck deer permit and antlerless deer permit are for the same area—and you use the appropriate archery or muzzleloader equipment specified for your current hunting season—you may use your antlerless permit during the buck deer season. However, you may not use your buck deer permit during the antlerless season.

# ANTLERLESS ELK HUNTING

Utah Admin. Rule R657-5-34

*An “antlerless elk” is an elk without antlers or with antlers five inches or shorter (R657-5-2(2)(b)).*

To hunt antlerless elk, you must first obtain an antlerless elk permit. This permit allows you to use a legal weapon to take one antlerless elk in the area and season specified on your permit.

You may not hunt on a Cooperative Wildlife Management Unit (CWMU) unless you obtain an antlerless elk permit for that CWMU.

You may obtain two elk permits each year, and at least one of those must be an antlerless elk permit. If you plan to obtain two elk permits, please note that a hunter's choice elk permit is considered a bull elk permit. You may apply for only one antlerless elk permit in the antlerless drawing.

If you do not obtain an antlerless elk permit in the drawing, you may be eligible to purchase up to two remaining antlerless elk permits.

## Additional opportunity

There is some flexibility if you are an antlerless elk permit holder who also possesses a permit to hunt the following seasons:

- General archery buck deer
- General archery bull elk
- General muzzleloader buck deer

- General muzzleloader bull elk
- Limited-entry archery buck deer
- Limited-entry archery bull elk
- Limited-entry muzzleloader buck deer
- Limited-entry muzzleloader bull elk

If your buck deer or bull elk permit and your antlerless elk permit are for the same area—and you use the appropriate archery or muzzleloader equipment specified for your current hunting season—you may use your antlerless elk permit during your buck deer or bull elk season. However, you may not use your buck deer or bull elk permit during the antlerless season.

## DOE PRONGHORN HUNTING

*Utah Admin. Rule R657-5-36*

*A “doe pronghorn” is a pronghorn without horns or with horns five inches or shorter (R657-5-2(2)(j)).*

To hunt a doe pronghorn, you must first obtain a doe pronghorn permit. This permit allows you to use a legal weapon to take one doe pronghorn—per doe pronghorn tag—in the area and season specified on your permit.

If you already have a 2009 pronghorn permit, you may not apply for or obtain a doe pronghorn permit or preference point.

You may not hunt on a Cooperative Wildlife Management Unit (CWMU) unless you obtain a doe pronghorn permit for that CWMU.

**Note:** You may only obtain one pronghorn permit—of any kind—during the 2009 season.

## ANTLERLESS MOOSE HUNTING

*Utah Admin. Rule R657-5-37*

*An “antlerless moose” is a moose without antlers or with antlers shorter than its ears (R657-5-2(2)(c)).*

To hunt antlerless moose, you must first obtain an antlerless moose permit. This permit allows you to use a legal weapon to take one antlerless moose in the area and season specified on your permit.

If you already have a 2009 moose permit, you may not apply for or obtain an antlerless moose permit or bonus point.

You may not hunt on a Cooperative Wildlife Management Unit (CWMU) unless you obtain an antlerless moose permit for that CWMU.

**Note:** You may only obtain one moose permit—of any kind—during the 2009 season.

# COOPERATIVE WILDLIFE MANAGEMENT UNITS

More than 60 percent of the rangelands that Utah's big game animals rely on in the winter are on private land. Unfortunately, this vital winter range is being threatened by human development.

Utah's Cooperative Wildlife Management Unit (CWMU) program provides incentives to preserve these lands and make them good places for wildlife for years to come.

## How the program works

Public hunters can hunt on private lands that are enrolled in the CWMU program. In return, the landowners receive permits they can market to hunters. Without the program, most of these lands would remain closed to the public.

CWMUs comprise nearly two million acres of land in Utah. They'll provide more than 1,500 hunting permits for antlerless game in 2009. About 81 percent of those permits are available to Utah residents through the state's antlerless drawing.

## How to participate

Before you can hunt on a CWMU, you must first obtain a CWMU permit. This permit is only valid for the species, sex and CWMU specified on the permit. Only residents may apply for antlerless CWMU permits through the drawing. Both resi-

dents and nonresidents can obtain CWMU permit vouchers directly from the landowner or operator.

**Note:** CWMU landowner association members and operators—and their spouses or dependant children—may not apply in the drawing for CWMU permits.

## Obtain important information

If you draw a permit to hunt on a CWMU, you must contact the CWMU operator to obtain hunting dates, a map of the CWMU and a copy of the CWMU's rules. You can also find some helpful information online at [wildlife.utah.gov/cwmu/index.php](http://wildlife.utah.gov/cwmu/index.php).

## Complaint process

If you wish to lodge a complaint against a CWMU, you should contact the Division immediately. Biologists and conservation officers can supply you with a complaint form, or you can make the complaint in person or over the telephone. Because time is of the essence, you and the operator should make every effort to resolve your issues before they escalate to the Division level.

If your problem cannot be resolved locally, it will be passed to the CWMU Advisory Committee for review and action.

# ANTLERLESS HARVEST REPORTING

This is your opportunity to share valuable data and possibly win a great prize.

Did you obtain an antlerless permit this year? If so, you'll have the chance to participate in a new voluntary harvest-reporting program after you complete your hunt. This program will help the Division obtain more detailed information about the antlerless game harvested in 2009.

## Why harvest reporting is important

Harvest surveys provide the Division vital information for managing wildlife populations. We want to try this new harvest survey approach—offering hunters an incentive to report—as a way to increase participation while allowing hunters to complete the reports at their convenience. If you participate, the data you provide will help us manage Utah's big game populations.

## How the program works

This voluntary program offers you the chance to win a cool prize, just for reporting some basic information about your 2009 antlerless hunt.

After you finish your hunt (whether or not you

harvest an animal), go online to [wildlife.utah.gov](http://wildlife.utah.gov) and click the link labeled "Drawing history and harvest reporting." Simply log in and complete your antlerless online harvest report.

If you prefer to complete your antlerless harvest report over the phone, call 1-800-221-0659. The line is staffed 24 hours per day, seven days a week.

## What you can win

As soon as you submit your report—online or by phone—you will be automatically entered into a prize drawing. You don't have to fill out a separate entry form. Prizes may include high-quality binoculars, tents and other valuable outdoor recreation equipment!

Although this program isn't mandatory, we strongly encourage you to participate. Not only will you have the chance to win some great gear, but you'll also help us obtain the information we need to better manage Utah's big game herds.

## Helping wildlife makes you look good.

(Now your car wants a turn.)

*Utah*  
**GOWILD**

**ENSURING WILDLIFE'S FUTURE**

Show off your sense of style, your favorite activity or even your patriotic side with one of Utah's wildlife license plates. Choose from a bald eagle, cutthroat trout or Rocky Mountain elk. Learn how to get your new plate at [wildlife.utah.gov](http://wildlife.utah.gov).
